QUESTIONS

ANSWERS

What does our task involve? Our work consists of helping parents, teachers of Spanish as a foreign language, companies and students **to come to Spain to learn Spanish.**

WHAT SHOULD THE PERSON WHO WANTS TO COME TO SPAIN TO STUDY SPANISH DO?

They just have to tell us when they want to start the Spanish course, the duration of the course, the kind of course they want to take but if they don't know which one to take we will suggest the most suitable course for them. Also they have to tell us if they want to stay with a host family, in a student residence, in a share apartment or any other kind of accommodation they want and **we take care of the rest.**

WHERE WILL THE STUDENTS THAT DECIDE TO TRAVEL WITH S4F STUDY?

S4F works with the best Spanish language schools and only with those which are accredited by the Instituto Cervantes and which issue official certificates. We also work with the **Universidad de Salamanca.**

We will choose the best Spanish language school for the students according to their interests and budget.

Also, if the students so wish we can offer them the possibility of validating credits with their university and take an internship program in order to enrich and enhanced their CV.
